Note: National partnership grants funded are listed per state in the national grant information

PDA NATIONAL RESPONSE TEAM

\$158,920

The Presbyterian Disaster Assistance (PDA) National Response Team (NRT) members represent PDA following a disaster in the United States. They provide support, long-term recovery and compassion fatigue training, and provide emotional and spiritual care to affected presbyteries and synods as they assess the impact of the disaster on both the church and the community. They also assist in connecting presbyteries to local, regional and national resources. In 2016, PDA worked in partnership with 49 Presbyteries within 15 Synods. The NRT assisted with disaster recovery in at least 18 states to 52 natural and human caused disasters in 2016 and assisted in long-term recovery for disasters dating back from 2012. NRT provided over 50 trainings and workshops throughout the country.

PDA HOSPITALITY PROGRAM

The Presbyterian Disaster Assistance (PDA) Hospitality Program became a permanent program area in 2012 in response to requests from mid-councils and local congregations to provide hospitality to volunteer work teams following disasters. A network of trained hospitality volunteers works with the mid-councils and partner agencies to assess hosting sites and help determine the hospitality model that will best match their facility to the recovery coordination. In 2016, more than 8,841 work team volunteers served through 42 PDA-related volunteer hosting sites in 15 states. Of these 42 host sites, the PDA National Call Center managed calendars for 30 host sites that housed volunteers donating more than 285,600 hours of labor for disaster recovery. The monetary equivalence of this labor is valued at over \$6.5 million; however, as the church we know the value of our service is not limited to financial support—by bearing the witness of Christ’s love, our gifts of service are multiplied.

INTERNATIONAL RESPONSE

2,919,976.26

Cuba

\$20,000

Hurricane Matthew
