

In Lent, we reflect on Christ's ministry, death, and resurrection. We slow down, take time, and examine our internal spiritual lives and the way we live out our Christian faith in the world around. This Lenten calendar begins with ways to prepare ourselves for the Lent and Easter season and then moves to weekly foci of women, creation, water, consumption, and social justice. Ideas for action can be used by congregations as well as individuals.

The calendar was created by the Presbyterian Hunger Program (PHP)'s Environmental Ministries and Enough for Everyone offices. Please visit us at pcusa.org/hunger to learn more about ongoing opportunities for simple living, environmental justice, alleviating poverty, and eliminating root causes of hunger. Support PHP's programs through giving to One Great Hour of Sharing on Palm Sunday or Easter! For more information, contact php@pcusa.org.
