Hello! I am Ashley Nipp, I am from Stillwater, OK, and I am 23 years old. I graduated from American University in Washington, DC where I studied International Relations as well as Spanish Language and Translation. I first fell in love with the Spanish language when I became a Student Ambassador in Spain through Rotary International, whose motto is “service above self” which mirrors the Christian love that I have witnessed (shoutout to my Stillwater FPC family). Most recently, I am moving to Little Rock, AR (closest I’ve been to home since graduating high school) where I am a Young Adult Volunteer for the 2016-2017 year at Ferncliff. There I hope to further embrace a loving “service above self” lifestyle as I continue working towards the betterment of God’s creation that He intended for all people.
