Hello, I'm Audrey! While I've lived in a variety of places growing up, I claim to be an Oregonian as I've lived here for the past nine years. I graduated from Willamette University in 2016 with bachelor of arts degrees in Latin American studies and Spanish, and a minor in chemistry. I aspire to serve communities as a physician and have worked as a medical scribe this past year in Roseburg, a rural town in southern Oregon. I enjoy learning and trying new things, as well as

being active and spending time outside. I am thrilled to explore a new part of the country, and to live and work in intentional Christian community. I cannot wait to see what God has in store for me this next year!
