Hey Y'all! I'm Destiny Marie Prinski. I am 21 and from Columbia, South Carolina. I am a recent graduate of Presbyterian College. I graduated cum laude with a Bachelor of Science in psychology and a minor in biology. There are so many people in my life who help me when I stumble, therefore; I feel called to work with children. I think that sometimes we allow children who are suffering or playing the role of an adult to go unnoticed. I am truly passionate about resilience and the church's role in the life of children. I hope that having the opportunity to be in Scotland for my YAV year, I will learn more about this and myself. I am so excited to see where God leads me and how he will use me as a vessel for his work in the Glasgow community and in myself.
