# Global Debt

# Webinar Series

## Debt, Disaster, and Corruption

---

In this first webinar of the series, we will gain a basic theological understanding of debt as well as an understanding of global debt systems which maintain countries and their citizens in poverty. We will dialogue with panelists from Puerto Rico and Sri Lanka who will help us to understand the impacts of debt on their countries' economies, development, disaster response capabilities, and everyday life. Spanish interpretation will be available.

**NOV 3 • 12:00 - 1:30PM EST**
