Hi Clara,

Yes please send a note. I haven't heard from them. It may be best for the note to reflect that they would need to reapply should they want to reconsidered or we could wait until the committee meets and simply decline the TA application and then you write the letter. Depends on what the rest of the Task Force wants to do.

Dear Lisa,

I was going to send a note to SM16007 Flint Democracy Defend League. We haven't heard at all from them.

Do they still need/want the technical assistance grant? I think they were in communication with you. Any news? What can we do?

Thank you

Clara
