Hello! I'm Julia Thorn. Creative, passionate, loving, and ready to take on this world! I study social work and religion at the University of Indianapolis. After I graduate in May, I will have the amazing opportunity to be a Young Adult Volunteer (YAV) for a year in Chinook, Montana. I know that the next year of service away from home will open up my eyes to new things I never thought of. I imagine I will have my ups and downs, but with the love of God and the love of others, I know I can get through anything.
