My name is Katie Henderson, I am 22 years old and happiness to me is being arms length away from coffee and queso at all times. I grew up in the small coastal town of Rockport, Texas, surrounded by family and friends. In August 2017, I am graduating from the University of Texas at Austin with a degree in corporate communications. Then, at the end of August, I get to officially start my year as a Young Adult Volunteer (YAV) in Glasgow, Scotland

(eek)!! I am ecstatic to see what the Lord and Scotland have in store for me in this year to come. Forever thankful for the opportunity to invest in people and social justice with YAV.
