My name is Lacy Schimmel, I am 26 years old, and I have a passion for helping people. I studied exercise science and psychology at Carroll University in Waukesha, Wisconsin. I graduated in May 2013 and shortly after that I got a job working with adults with special needs in Green Bay. I was born and raised in Green Bay and this next year I will be residing in Chinook, Montana, as a Young Adult Volunteer (YAV). I am looking forward to what this

upcoming year has in store as I serve the Chinook community.
