Hi! My name is Mary Kate Robbins. I am a coffee-lover, runner, yogi, artist, and foodie, and am most content when surrounded by family and friends. I majored in Nutrition while attending the University of Mississippi in Oxford, MS. I'm excited to begin my next adventure as a Young Adult Volunteer (YAV) in Boston, MA, working with the Boston Food Justice Alliance and Presbytery of Boston. I've always felt that life is more fun when you give rather than get. I have embraced this journey and am ready for the discoveries and opportunities for learning that await me and those whom I will be building relationships with during this year of service.
