Hi, I'm Mirra Matheson a 22 year-old, soon to be graduate of Whitworth University in Spokane, WA where I study Spanish, Sociology, Latin American Studies, and U.S. Cultural Studies. As a YAV I look forward to exploring the community of Tucson, AZ and learning how my strengths and passions intersect towards God's calling for my life. I am excited to build relationships and learn alongside others throughout this next year of service and growth.
