

Madagascar
Mission Network

A Conversation with the Turks, 19 August 2021, 7:00 – 9:00 pm EDT

Join us as we spend some time with PC(USA) mission co-workers Dan and Elizabeth Turk before they return to Madagascar. Dan and Elizabeth have been serving with the Church of Jesus Christ in Madagascar (FJKM) for over 20 years, working in the domains of public health and agricultural development.

What to Expect:

We'll share news of the FJKM Church, and hear briefly from Pastor Mamisoa Rakotomalala about her doctoral studies at Columbia Theological Seminary. We'll learn from Dan about new developments at the Mango Palace, the latest fruit trainings for farmers, progress in setting up new tree nurseries in different parts of the country and use of planted native trees to promote conservation of Madagascar's unique biodiversity.

Elizabeth will share about COVID-19 in Madagascar and how the FJKM's health and AIDS ministries are reaching out during this time.

There will be ample time for questions and prayer.

Registration is needed so we can provide you with the zoom link and more specific information about the event. There is no charge.
