My name is Allison Sherman and I am a 21-year-old from Florence, Kentucky. I recently graduated from the University of South Carolina with a Bachelor of Arts in anthropology. I am very passionate about social and environmental justice and can't wait to use my gifts to help others. In my free time, I like to volunteer, watch television and movies, and spend time with my friends. I am excited for my YAV year and to grow more in my faith.
