My name is David Sydnor. I am 25 years old and live near Storm Lake, Iowa. I recently graduated from Iowa State University with a Bachelor of Arts in sociology. Being a minister's son has given me the opportunity to experience different cultures and see the world in a unique light. As such, I care about social and economic issues that affect millions of people. I hope by taking this journey it will help me find an outlet to channel my motivation and allow me to find my place in this world.
