Dear West Task Force,

It will be added to your agenda for your meeting.

Thank you,

Clara

Is this something we should discuss where we get together in a few weeks?

I would break with the guidelines and if two payments is more practical, then I would vote for that.

Maybe, do two payments instead of four and one report and a final report....just a suggestion. With four payments there might not be much to report since all the told have been purchased.

I will wait for your decision. Thank you

Clara

**Subject:** Re: SW14001 Northern Cheyenne Utilities Commission

Hi,

i feel that, unless there is a compelling reason to make the whole payment right away, it is better not to change to guidelines. Since they feel that it is okay that it still be quarterly, I suggest that we keep to the guidelines.

Wesley

Dear West Task Force,

The SW14001 Northern Cheyenne Utilities Commission was validated on January 2015.

They just submitted the required documents to release the first payment.

The group has already gone ahead and purchased all the equipment approved by the grant. They are requesting the whole payment of the grant \$15,000 to be released. (They also say they understand if it is still quarterly). Please find attached precis and letter.

Please let me know of your decision.

Thanks,

Clara
