My name is Mary Moore Driggers. I am from Greer, South Carolina, and I am 21 years old. I just graduated from Presbyterian College with a degree in religion/Christian education. My time in college was wonderful, but I am excited to take on what I have learned and implement it into my post-grad life. I am an advocate for issues of peace, justice and equity, and I have grown as a friend, leader, educator and person during my years at PC. Now that my time at PC has come to a close, I am ready to take on this next chapter of life as I serve in Los Angeles, California.
