My name is Mikyle Johnson (pronounced my-Kell). I am a native of Louisville, Ky. My background is in Arts and Non-Profit. I received a Bachelor of Arts in Arts Administration with a minor in Theatre from the University of Kentucky. Currently, I am a dual degree candidate for Business Administration with a focus in Human Resources and Organizational Behavior and Social Work with a focus of Community, Organization, and Social Action at the University of Pittsburgh. I am excited for the opportunity to work with the Office of Gender & Racial Justice. I look forward to expanding my educational experience to practical working environments with the Presbyterian Mission Agency. The virtual YAV experience affords me the unique opportunity to explore and highlight all of my identities while growing my faith and pursuing God's call to serve.
