My name is Sierra Mink. I'm 22 years old from Novato, California. I graduated from Santa Clara University with a major in philosophy and minors in general engineering and classical studies. I look forward to applying the many eclectic lessons I've learned in college to my year of service. I am passionate about meeting people where they are, and finding our common humanity over a meal. I hope to grow in my relationships with others and create a welcoming community that lasts. I am excited to see what ways God's good works will be done throughout this year.
