

Mandate

The Presbyterian Committee on the Self-Development of People (SDOP) shall assist the Presbyterian Church (U.S.A.) in carrying out its global commitment to work toward the self development of economically poor, oppressed, and disadvantaged people, who own, control, and benefit directly from projects that promote long-term change in their lives and communities.

The mandate was established by the 182nd General Assembly of the former United Presbyterian Church, U.S.A. in 1970, and reaffirmed and approved by the 199th General Assembly (1987) of the Presbyterian Church (U.S.A.).

Mission

Self-Development of People is a ministry that affirms God's concern for humankind. We are Presbyterians and ecumenical partners, dissatisfied with poverty and oppression, united in faith and action through sharing, confronting and enabling. We participate in the empowerment of economically poor, oppressed and disadvantaged people who are seeking to change the structures that perpetuate poverty, oppression and injustice.

SDOP Mid Council committee (For Synods and Presbyteries)

The Presbyterian Committee on the Self-Development of People (SDOP) is a national ministry of the Presbyterian Church (U.S.A.). PCUSA has regional entities which are also called Mid Councils (MC). All congregations in a geographic area belong to a MC known as a Presbytery. All the Presbyteries in a geographic area belong to a MC known as a Synod.

Some presbyteries and synods have Self-Development of People committees, which make grants in their regions within the bounds of their presbytery or synod. These are known as Local/Mid Council SDOP Committees. If there are SDOP committees in the presbytery and synod in which an applicant group is located, the project can simultaneously apply to all three levels (presbytery, synod, and national). A Mid Council SDOP Committee has at least five members, majority racial ethnic and majority Presbyterian.

Being a part of the Self-Development of People (SDOP) ministry provides an opportunity to positively impact the lives of economically poor, oppressed, and disadvantaged people around the world. We hope you will consider serving on a Synod and/or Presbytery SDOP Committee.

This is an opportunity to increase resources for low income community groups in your community with your involvement and the support of the Self-Development of People.
